SUPPLEMENTAL BID BULLETIN NO. 24-022

This Supplemental Bid Bulletin No. 24-022 is to amend or modify items in the Bid Documents and in response to the queries raised during the pre-bid conference conducted 08 November 2024 for “Supply and delivery of stackable polypropylene chairs for the International Convention Center” to wit:

| Item/Query | Answers |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. There will be changes with the Technical Specifications. | <ul style="list-style-type: none">- Added “With metal frame”- Updated Section VII. Technical Specifications.is attached. |
| 2. Can we request for an extension of delivery up to 60 days? | No, extension can only be given up to 30-45 days. <ul style="list-style-type: none">- Updated Section VI. Schedule of Requirements is attached. |
| 3. Can you release five specific colors of your choice, for our basis? | Here’s the five colors choices: 1. White 2. Beige/3M or Post it Yellow 3. Light/Tiffany Blue 4. Black 5. Deep/Cadbury Purple |
| 4. We would like to clarify if we can submit an equivalent certificate which is applicable to the Philippine Standard Quality Mark License which was issued by the Bureau of Philippine Standards. | No, we stick to ISO 7173. |
| 5. The weight minimum capacity is 200 kgs. Please be informed the Brooklyn chair from Uratex is at maximum weight capacity of 200kgs and not minimum. Is this acceptable? | There have been changes in the technical specifications. (Please see reference photo) |
| 6. Under Conformity with the Technical Specifications, (UPOU BAC FORM No. 4) which should include the ff: 2.) Swatches; Are you referring to a small sample of materials of Polypropylene (PP) intended to demonstrate the look of a larger piece? | No, we are just referring to the color options for the chair being offered. |

|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p>7. The ISO 7173 is only of URATEX Brand. Uratex can comply except on the weight capacity of 200kgs. URATEX can hold up to maximum of 200kgs. But the UPOU requirement is a minimum of 200kgs. Is this compliant and acceptable?</p> | <p>ISO 7173 is not just for the Uratex Brand, it's a test method on determining the durability of chairs and stools as prescribed by the DTI Bureau of Philippine Standard. Please note that there have been changes in the technical specifications. (Please see reference photo)</p> |
| <p>8. There will be changes with the bid opening schedule.</p> | <p>The Opening of Bids for the Technical and Financial Documents was moved from 20 November 2024, 1:30 PM to 20 November 2024, 2:00 PM.</p> |

Note: Please use the Updated Section VI. Schedule of Requirements and Section VII. Technical Specifications in your bid submission.

For the guidance and information of all concerned bidders.
